Total animals brought into care		1898	
Total animals we released		787	
Animals sent to other facilities		233	
Pending in care		154	
Members reporting		15	
Average release rate		53%	

Animals brought in dead on arrival do not count in our totals. Release rate is based on animals not transferred to another facility.* Raptors are often transferred to Carolina Raptor Center. Pending animals are counted when released or placed in a permanent facility. The mortality rate on small birds and mammals is high due to cat attack.
